MAKING SPORT OF THE POWERS: THE BIBLE AND UFOS by Dr. Barry Downing

Recently , I sat with Dr. Barry Downing before his MUFON presentation at Westmoreland Community College near Pittsburgh Pa.

While there I asked him a few questions regarding his book : The Bible and Flying Saucers, and the controversy surrounding his ministry

and views on this present paranormal event.

Following are a few video clips of our discussion and then Barry's presentation regarding his views of a possible biblical explanation as to why God's angels may be protecting us from Satanic and human powers in current world events using UFOs as a means of normal business in activities regarding an on going warfare between heavenly and earthly political and religious rivalries .

In his words : Making Sport of the Powers: The Bible and UFOs by Dr. Barry Downing.
